WORK EXPERIENCE

CREATIVE DESIGNER | VERBUM NETWORKS LIMITED, ENUGU

January 2025 – Present

- Designed intuitive and visually engaging UI/UX interfaces for web and mobile applications.
- Created professional graphic designs and marketing materials, including flyers, banners, social media creatives, certificates, invitations, and promotional content.
- Collaborated with cross-functional teams and stakeholders to understand project requirements, solve design challenges, and deliver solutions aligned with business objectives.
- Conducted user-flow analysis and design research to identify usability challenges and create user-centered digital experiences.

PROJECTS

FIN-ACCOUNT — Financial Management Dashboard | UI/UX DESIGN

May – June 2026

- Designed an institutional financial dashboard for income/expense tracking, Admin approvals, and Super Admin oversight.
- Created user flows, wireframes, prototypes, and high-fidelity interfaces focused on usability and financial visibility.

VERBUM EDU — School Payment Platform | UI/UX DESIGN

January – February 2026

- Designed a school payment platform for student registration, fee assignment, payment management, and student dashboards.
- Developed intuitive user flows and responsive interfaces to simplify school fee management.

FOODIES EXPRESS — Food Delivery App | UI/UX DESIGN

February – March 2026

- Designed a food ordering platform covering restaurant discovery, menu browsing, cart, and checkout flows.
- Developed engaging interfaces focused on fast navigation and seamless ordering.

MATER CHRISTI CENTER — Website | UI/UX DESIGN

March – April 2026

- Designed a responsive institutional website with clear information architecture, intuitive navigation, and consistent visual design.
